

USAgain

Recycling Clothes with Clean Energy

LOCATION	West Chicago
SECTOR	Commercial
MATERIALS	Jinko, SMA
SYSTEM SIZE	70 kW

About The Project

A 70 kW ground-mounted array that helps power USAgain, a textile recycling company. USAgain may be familiar to you, as they have clothing recycling boxes at businesses, schools, and local government buildings all across the nation. USAgain is an incredibly environmentally conscious organization that has a multitude of environmental initiatives worldwide. Working with an organization such as USAgain was a true pleasure.
